

Shiva Moon Party Baan Tai Village!

Announcement from the people of Baan Tai, Baan Nuea and Baan Nok Village

Subject: continuous nightly disturbances caused by Shiva Moon Party Baan Tai.

Since 2006 the Shiva Moon Party in Baan Tai village has been organizing regular monthly party events directly next to the residential areas of Baan Tai, Baan Nuea and Baan Nok village. These Shiva Moon Party events are normally scheduled a minimum of 2 times per month but occasionally a 3rd time per month will also be scheduled. More details please see Shiva Moon Party Time Schedule below.

The Shiva Moon Party starts playing music early evening around 20.00 o'clock. The music then slowly but steadily increases its loud terrible noise during the night and reaches its highest peak around 04.00 - 05.00 o'clock in the morning and continues playing until 09.00 - 10.00 in the morning the next day.

This means an average of 12 hours constant loud, noisy and terrible techno music for the people of Baan Tai village.

Hereby, we the people from Baan Tai, Baan Nuea & Baan Nok village simply public announce that we've had enough of that continuous all night long noise disturbance caused by the Shiva Moon Party!

- Baan Tai, Baan Nuea & Baan Nok village are **residential areas** not a party zone!
- We deserve our night's sleep **every night!**
- **Re-locate** Shiva Moon Party to a remote location!

Otherwise:

- Shiva Moon Party has to be **closed midnight 24.00** o'clock
- No more **ALL NIGHT LONG** Shiva Moon Party!
- **Maximum 2** times per month!

Final Solution:

Re-locate Shiva Moon Party to a remote location on the island where they don't disturb anyone! We suggest an official 'Koh Phangan Party Zone' at a remote location (mountain) instead of staging party events in or near to central villages like Baan Tai. Party organizers (Shiva, Half, Black & Jungle Moon) could get together and look for a new 'Party Zone' up in the mountains some distance away.

So Party people can make party all night long - every single day - while village people can enjoy their good nights sleep!
